OPINIONS OF THE PRESS, RELATIVE TO WRIGHT'S INDIAN VEGETABLE PILLS, From the Camden Democrat.

WRIGHT'S INDIAN VEGETABLE PILLS.—These celebrated Pills, so universally used and admired, have become to be considered almost as necessary in families as water or fuel. In fact, the principle upon which this medicine has established its reputation—purgative—is now pretty generally acknowledged to be the only true one, by which health may be preserved, or restored when impaired.

From the Philadelphia Saturday Evening Post. WRIGHT'S INDIAN VEGETABLE PILLS, are attaining great celebrity in New England, as well as other parts of the United States. The attempt of persons to defraud the public by the sale of spurious articles meets with general reprobation. Dr. Wright is an indefatigable business man, and shows an array of cures by the medicine which warrant confidence in the virtues of his Indian Vegetable Pills.

From the Philadelphia Spirit of the Times. WRIGHT'S INDIAN VEGETABLE PILLS.—People are pretty well satisfied by this time that calomel, and the other thousand and one mineral preparations of the shops, are better adapted, as a general rule, to kill rather than cure the patient; as a matter of course, vegetable medicines are therefore in great request. There are many humbugs however, among the latter, and we would advise all those who have the least regard for their health, to try Wright's Indian Vegetable Pills of the North American College of Health, as they are the preparation of one intimately acquainted with the healing art.

From the Boston Daily Times. WRIGHT'S INDIAN VEGETABLE PILLS.—Of all the public advertised medicines of the day, we know of none that we can more safely recommend for the "ills that flesh is heir to," than the Pills that are sold at the depot of the North American College of Health, No. 198 Tremont street, Boston. Several instances we know of where they are used in families with the highest satisfaction; and no longer ago than yesterday, we heard an eminent physician of this city recommend them in high terms.

Samuel Taylor, Shiford. John H. Vincent, Chillisquaque. Wm. Heinen & Brother, Milton. BEWARE OF COUNTERFEITS.—The public are cautioned against the many spurious medicines, which in order to deceive, are called by names similar to Wright's Indian Vegetable Pills.

The safest course is to purchase of the regular agents only, who are gentlemen that may be relied on.

DR. CULLEN'S

Indian Vegetable Panacea. HEREDITARY TETTER.

It is now six months since my youngest child, a daughter, had a cutaneous affection, which made its appearance over its entire body. It was a case of Hereditary Tetter, and a violent was the disease, that we wished, in case it could not be speedily relieved, that it might be soon laid in its grave. At this stage of the disease my sister-in-law called upon you to advise as to the best preparation of Sarasaparilla that could be procured, as an alternative; when you recommended the use of Dr. Cullen's Indian Vegetable Panacea, and I am pleased to say that the good effects of the medicine were perceptible when it had taken but a few doses; and by the time you had used one single bottle, the disease had entirely disappeared, and from that time there has been no re-appearance. I really feel thankful to you for having recommended the Panacea in this case, for I feel confident that had not the disease been arrested, my child would, ere this, have been the victim of the cold and silent tomb.

Respectfully yours, JOHN P. REES, Rowland & Walcott, Phil. Dec. 9, 1845. 85 N. Seventh St.

WHITE SWELLING. Mr. J. T. ROWLAND, Phil. Dec. 10, 1845. Dear Sir,—At your request I cheerfully give you an account of the wonderful cure effected upon me by Dr. Cullen's Indian Vegetable Panacea. At the age of 14 years I had upon my right knee a White Swelling, which stiffened the joint, and caused some seventy or more pieces of the bone pieces of the bone to come away in the course, and which was temporarily relieved by the usual remedies, but not entirely cured. At times some would again break out, and become so distressing and painful that I could get no rest night or day. In this way it continued until last spring, when, having witnessed the extraordinary effects of your Panacea as an alternative, upon a daughter of mine who was using it for a chronic disease, I concluded to make a trial of it in my own case; the result has been an entire cure. I am now 67 years of age, and have suffered 53 years with the sores. I cheerfully add my testimonial to the many others I have heard of the cures performed by your celebrated Panacea. THOMAS WALTON, 490 N. 3d st, Alderman 7th Ward, N. L.

SCORFULA. To whom it may concern.—This may certify that my child, almost from birth, was afflicted with Scorfula, which covered most of its body with sores; and that for 18 months, though constantly under medical treatment, nothing afforded relief till I was induced to make trial of Dr. Cullen's Indian Vegetable Panacea. The attending physician, on witnessing its good effects, recommended its continuance according to directions, and by using a single bottle of the Panacea, the child was apparently cured. It is now about 4 months since the medicine was discontinued, and I have no doubt but the cure is complete. Yours truly, ROWLAND & WALCOTT, M. MCLEAS, Philad. Aug. 5, 1845. 280 Market st.

BARBERS' ITCH. Mr. J. T. ROWLAND—Sir,—Sometime last spring I was so unfortunate as to get the "Jackson, or Barbers' Itch," by shaving after some one afflicted with that troublesome and obstinate disease. You cannot have forgotten the swollen and irritated condition of my face at the time you recommended "Dr. Cullen's Indian Vegetable Panacea." I have now the pleasure to inform you, on my behalf of all who are similarly afflicted, that the use of a single bottle of the Panacea cured me entirely. You may well judge of my gratification at such a result, as I had so often known the disease to continue for years under the usual mercurial remedies. (Signed) T. L. SANDERS. Philad., Aug. 5, 1845. Pledge Office.

SCORFULA. Messrs. ROWLAND & WALCOTT.—I have been for two years or more severely afflicted with Scorfula, and after having tried three eminent physicians without any relief, I had come to the conclusion that I must die. I had fourteen open sores on my face and body at the same time. While in this condition, a friend procured me a bottle of your Dr. Cullen's Indian Vegetable Panacea. This was about two months since. I have taken six bottles and am completely cured. My general health is also better than it has been for years. E. W. MAXWELL, Mary's Court.

Certificates of cures, in pamphlet form, may be had gratis, at the offices of the agents. This medicine is prepared and sold by the proprietors, Rowland & Walcott, No. 376 Market street, Philadelphia.
